Status	Ativa (CNPJ active since 2010)

Service

Ongoing accounting & compliance services for **Black King** (Matheus Reis Pereira, CNPJ 50.042.585/0001-80), the Ilhéus-BA cacao export-corridor entity.

Amount / fee: R\$500 per month (monthly accounting retainer).

Terms and Conditions of the Engagement

As declared in the Declaration of Findings & Audit dated 2026-09-18 (§6):

- **Scope:** Monthly accounting & compliance for Black King CNPJ 50.042.585/0001-80.
- **Fee:** R\$500 / month.
- **CONDITION PRECEDENT:** No transactions other than those associated with the DAO may pass through the Black King CNPJ.
- **Rationale:** Keeps the CNPJ clean, filing-current and export-NF-e-credentialed, so the DAO's cacao export corridor via Black King remains compliant.
- **Benefit:** Prevents recurrence of the "Omissão de Declarações" → INAPTO failure mode.

Associated Conditions

From the same Declaration of Findings & Audit:

- **DAO tax position (§5):** The DAO will pay the portion of the taxes owing to the Brazilian government by Black King for the period since the DAO began utilising Black King infrastructure — a period in which no

transactions other than those of the DAO passed through the Black King CNPJ, other than via nota fiscal.

- **Reinstatement runbook (\$5):** (1) file the omitted declarations to return the CNPJ to ATIVA; (2) renew the e-CNPJ digital certificate; (3) restore NF-e credentialing at SEFAZ-BA so the export lane reopens.
- **Cancellation for non-shipment (\$4):** NF-e Nº 7 (R\$2,000, 06/03/2025) and NF-e Nº 15 (R\$1,000, 23/09/2025) are to be cancelled at SEFAZ — neither shipment left Brazil; the corresponding declared revenue is to be reversed/removed from the Black King tax base for those periods.

Basis / Rationale

Black King's prior accounting was handled informally (as a favor by the then-accountant) and fiscal declarations lapsed, leaving the CNPJ INAPTO. A registered accounting firm (CNAE principal 6920-6/01 — Atividades de contabilidade) is required to bring the entity back into compliance and keep the export lane healthy. Bis Contabilidade e Negócios Ltda is a long-standing Ilhéus firm (CNPJ active since 2010), operating from the same building as other corridor counterparties.
